Dated : 26-08-2010

To

The Education Minister,  
Haryana.

Subject: Request not to event consider enhancing the term of elected Governing Bodies of Govt. Aided Colleges In Haryana

Hon'ble Madam,

With due regards, we wish to draw your kind attention towards an urgent issue of the teaching fraternity of the Govt. aided Colleges. The issue is as following:

The Association of the Governing Bodies of Govt. Aided Colleges has recently demanded an enhancement in their term from the present one of three years to five years. In this regard, the office of the High Education Commissioner has sought the opinion of the teaching fraternity of Govt. aided colleges i. e. Haryana College Teachers' Association.

We wish to make a categorical submission that the arguments given by the said body are totally concocted and only directed towards attaining a status and power equal to the highest bodies and great institutions like Parliament and state assemblies. Actually, this proposal has nothing to do with the welfare of these institutions as claimed. Hence, any move by the Govt. to enhance the tenure of governing Bodies can not be acceptable to the teachers. In fact, this suggestion by the Governing Bodies is an attempt to thwart the democratic system of the colleges. This will lead to unimaginable forms of arbitrariness in handling govt and university rules and regulations towards which we have drawn your kind attention from time to time. This aspect is already in the knowledge of the office of Higher Education Commissioner.

Instead of considering this suggestion of the Association Of Governing Bodies, we urge you to ensure proper implementation of Govt. rules. We request you maintain status quo in this matter as the tenure of three years is not only judicious but also appropriate for the larger interests of society at large.

We again request you to ensure your kind intervention so that this issue is treated in a proper perspective for the larger good of society.

With thanks

**(Gen. Secretary)**
